Welcome page!

Congratulations on joining the Y. You are now a member of a growing and diverse community of health seekers from many walks of life, all taking steps toward improving not just health, but connections – with friends, family, and the community we live in.

The Y has been serving as a source of strength and recreation for Worthington Area residents for many years. The current facility has been open since November 2009. By joining, you're contributing to a tradition of youth development, healthy living, and social responsibility – our three Areas of Focus.

Joining was the first step - the next step is discovering all the Y has to offer. This booklet is designed to get you acquainted with who we are and what we do. It is a reference for in-house policies as well as wider philosophies.

While our programming changes each season, most of the information in this booklet will be constant.

So, browse it, keep it handy...and welcome to the YMCA!

Mission statement

To put Christian principles into practice through programs that build a healthy spirit, mind, and body for all.

Core Values

Caring. Honesty. Respect. Responsibility.

Code of conduct

At the YMCA and in its programs, we expect staff, members, and guests to demonstrate our core values of caring, honesty, respect, and responsibility by:

Speaking in respectful tones; refraining from the use of vulgar or derogatory language; and dressing appropriately.

Resolving conflicts in a respectful, honest, and caring manner; never resorting to physical contact or threatening gestures.

Refraining from intimate behavior in public; abstaining from contact of a sexual nature.

Never engaging in theft or destruction.

Never possessing, using, or distributing a weapon.

Never engaging in the use, sale, dispensing, or possession of illegal drugs or narcotics, or the use of alcohol or tobacco on YMCA premises or during YMCA programming.

Noncompliance may result in suspension or termination of YMCA membership privileges.

AREAS OF FOCUS

We believe that to bring about meaningful change in individuals and communities, we must be focused and accountable. At the Y we measure the success of our cause by how well we engage communities in our three areas of focus:

Youth Development

We believe the values and skills learned early on are vital building blocks for life. At the Y, children and teens learn values and positive behaviors, and can explore their unique talents and interests, helping them realize their potential. That makes

for confident kids today and contributing and engaged adults tomorrow.

Healthy Living

Being healthy means more than simply being physically active. It's about maintaining a balanced spirit, mind, and body. The Y is a place where you can work toward that balance by challenging yourself to learn a new skill or hobby, fostering connections with friends through our lifelong programs, or bringing your loved ones closer together through our many families centered activities.

Social Responsibility

The generosity of others is at the core of the Y's existence as a nonprofit. It is only through the support of our volunteers and public/private donors that we can support and give back to the communities we engage.

GOOD TO KNOW

Id cards

Each member 8 and older is issued an ID card. Be sure to bring this each time you visit the Y for access to the facility. ID cards are nontransferable and remain the property of the Y.

Replacement cards are \$5 each. IF a card is damaged, bring it to the Front Desk for a replacement at no charge.

Members participating in the Insurance Incentive Plan are responsible for scanning their own cards at the gate. Staff are not allowed to add visits or take check-ins over the phone.

Photo identification

The YMCA requires members to be photographed for safety and security purposes. These photos are stored in the database and are displayed on the computer monitor each time the member enters the facility.

Cell phones

The use of cameras and video recording devices, including cameras on cell phones, is prohibited in the locker rooms and rest rooms. Please refrain from talking on cell phones in the Fitness Center.

Email

The purpose of collecting email is strictly for internal YMCA purposes only. Membership and Program information is delivered electronically to keep our members better informed. Emails are required for online registrations, no personal information will be sold or provided to any third parties.

Photo policy

The YMCA reserves the right to take photographs of adults and children using the facility or participating in programs to use for promotional materials, including YMCA website and social media. If you do not wish to be included, please inform the photographer.

For personal use: audio, camera & video recording devices are prohibited in YMCA facility unless there is implied authorization. Staff reserve the right to ask members or guests who they are taking pictures of and/or recording to determine if there is implied authorization.

Sexual offender/background check

The mission of the YMCA is to help build strong kids, families, and communities. Important to this effort is our ability to provide a safe and threat-free environment. For this reason, the YMCA monitors the sexual offender registry. Persons on this list will not be eligible for membership, program participation, volunteer, or employment opportunities.

Security

The YMCA cannot guarantee the security of personal belongings. Therefore, we ask that you leave valuables at home. The YMCA will not be held responsible for any lost or stolen items anywhere on the premises, including the parking lot and those locked in lockers.

Security cameras

For the safety of our members and guests the YMCA is equipped with security cameras in many locations throughout the facility. Please report any concerns to the front desk for investigation. It is helpful to have exact times and descriptions for identification on cameras.

Accident /incidents

A risk of injury exists when engaging in physical activity. Members and program participants are advised to use protective equipment where necessary and to be alert to the signals of over exertion. Contact a YMCA staff person immediately if there is an accident, injury, or unusual incident. First Aid kits are available throughout the facility. Please ask staff for assistance, please be advised that you are fully responsible for yourself, your children, and your guests.

Mini Lockers

There are mini lockers available for valuable items such as wallets, keys, phones, etc. at the Front Desk. Ask a staff person to assist with this.

Towel Service

The YMCA offers daily towel rental for \$1.00, or on a monthly rate of \$7. Clean towels are available at the front desk along with the soiled towel basket.

Transgender use of locker rooms

Access to gendered spaces (men's or women's locker rooms or rest rooms) should be on a *self-identified basis*.

Locker rooms

Men's, Women's, and Family Locker rooms are available for use. We recommend that all lockers are locked when in use, locks are provided by the members. Lockers with padlocks left on overnight will receive a notification to remove from the staff and will be removed after two weeks. The locker contents will be stored for two weeks before being donated to an appropriate charity. We are not responsible for the replacement of cut locks.

Reserved locker service is available for a monthly rate of \$10 and includes towel service. Large lockers are not available for reserve, only the small or medium sized lockers.

Children in locker rooms

For the comfort of your child and fellow members, children ages 3+ should use the appropriate gender locker room or use the family locker room. Children under age 3 may use any locker room with their parents but we always recommend the family locker room which was built for this purpose.

Lap Swimming: Please refer to the current pool schedule for lap swimming times, this schedule is available in the lobby or on our web site.

Staff Certifications: All YMCA lifeguards are certified in CPR for the Professional Rescuer, First Aid and Lifeguarding.

Aquatic Center

1. **Swimmer Safety:** Obey lifeguards always and report problems or emergencies to the lifeguards. The primary function of the lifeguard is to enforce the pool rules and ensure that our pools remain healthy and safe, not to discipline or “baby-sit”.
2. **Aquatic Safety Breaks:** Safety is our #1 priority. Safety breaks may occur for the last ten minutes of every hour during open swim.
3. **Age Requirements:** Children ages 7 and younger must be accompanied by an adult in the water always. Children who cannot swim and have not passed a swimming test must also be accompanied by an adult in the water. Children ages 8-11 must have an adult supervising from the pool deck near the swimmer or in the water actively supervising.
4. **Showering:** Any person using a public pool must take a cleansing shower, using warm water and soap, and thoroughly rinse off all soap before entering the pool enclosure. A user leaving the pool to use the toilet must take a second cleansing shower before returning.

5. **Proper Attire:** Appropriate swimming attire (swimsuits) is required. NO swimsuits or clothing that may be deemed inappropriate by the YMCA are allowed. See chart of examples in the back of the book.
6. **Pool Safety:** All swimmers must behave with care, honesty, and respect & responsibility. No running, horseplay, unnecessary roughness, fighting and foul language will not be allowed in the pool area or locker rooms. No back dives, inward dives, spins, or flips from the edge of the pool. Front dives are allowed only in 10ft deep water. Starting blocks are only to be used under the supervision of a swim team coach/instructor and only during designated times. Sitting on or hanging from pool ladders, ramps, lane lines, and safety lines are not allowed. No spitting, spouting of water or blowing nose in pool. All patrons must obey lifeguards; the decision of the lifeguard is final.
7. **Food:** To keep the pool area and deck clean and safe, NO glass container, gum, candy or food of any kind is allowed in the pool area. Seating is available in the main lobby for snacks. Please try to avoid wearing shoes on the pool deck.
8. **Swim Diapers:** Children who wear diapers must wear designated swimming diapers, commonly referred to as "little swimmers". Regular diapers are not allowed at any time.
9. **Floatation Devices:** Only U.S. Coast Guard flotation devices are allowed. Children/adults wearing a personal flotation device must be directly supervised by an adult who is IN the water next to the child/adult. If you are directly supervising a child/adult who is wearing a personal flotation device, you must stay in the area of the pool that you are able to touch the bottom. Flotation devices are not allowed past the safety rope/black line or in the diving well area.
10. **Toys and Pool Equipment:** Water toys, rafts and other unapproved flotation devices from home are not allowed at any time. Absolutely no rafts or inflatables of

any kind are allowed. Kick boards, pull buoys, fins and other swimming lesson equipment may be used for stroke practice under the supervision of a parent or by adults during lap swim. Lifeguards always have the discretion not to allow any equipment or toys for safety reasons.

11. **Health:** If you have an open or exposed wound, please do not use the pools. No person with or suspected of having a communicable disease which could be transmitted using the pool shall be permitted in the water. Please do not enter the pool if you are experiencing or recovering from diarrhea or have had any signs or symptoms of stomach disease in the previous seven days.
12. **Breath Holding Training:** All types of breath holding are dangerous and prohibited in all bodies of water. This includes static, dynamic, and hypoxic training (swimmers trying to hold their breath or swimmer trying to swim as far as they can underwater).
13. **Inclement Weather:** The Aquatic Center will close all pools immediately if lightning, or thunder is present in or around the area. The pools will remain closed until 30 minutes past the last visible lightning strike or episode of thunder.

Lifejacket use for High-Risk Group Usage

When there are groups of children using the pool facilities (birthday parties, camps, daycares, etc.) swimming in the pool they are to be swim tested. For any child that does not pass the swim test, lifejackets will be fitted to ensure proper fit. The patron is restricted to the 0-Depth and shallow lane pool side, not to exceed a depth of 5 feet. Parent and adults accompanying these groups must be in the water actively supervising to assist with oversight of children.

To ensure safety, the YMCA will only allow the following clothing items in the pool

YMCA SWIM ATTIRE GUIDELINES

The YMCA strives to be a safe environment for all. To ensure safety, the YMCA will only allow the following items of clothing in the pool.

1. Street clothes can transport airborne and ultimately waterborne contaminants into the pool.
2. No cotton-based clothing is allowed in the pool. Cotton and similar materials can absorb the chemicals in the water, causing the water to become less effective at maintaining the proper chemical balance or may cloud the water.
3. Lycra and Nylon are the best non-absorbent material for swimming and are the best fabrics for swim attire.
 - a. Other absorbent materials (such as cotton) can break down in the water and cause fibers to clog filters.
 - b. Any "colored" material (unless specifically made for swimming can bleed into the pool, affecting water chemistry and balance. This is a reason for cloudiness in pools.
